

DetecTogether

ONLINE LEARNING

HELPING FIREFIGHTERS BEAT CANCER

3 Steps Detect Online Learning is **FREE, EASY,** and **LIFESAVING.**

Get started **TODAY!**

The program includes 3 Steps Detect, a **FREE** 25-minute course, that teaches first responders how to detect cancer early when it is most treatable.

Developed with the help of our Fire Service Advisory Board, whose expertise and experience span research, firefighting, and cancer fighting, this on-demand program can be accessed on computers and mobile devices from anywhere.

firefighter.detectogether.org

BONUS

Also includes **10 short courses** with titles like:

- Questions to ask your doctor
- Identifying and tracking symptoms
- Why are some people at greater risk
- How to do self-exams
- Prevention, early detection, and screening

Cancer is the leading cause of death in the fire service

Occupational cancer is a critical issue facing the nation's firefighters. Members of the **fire service have a 9% higher risk of developing cancer** and a **14% greater risk of dying from cancer** than the general public.

Response Time Matters

Prevention methods improve your chances of staying healthy. Early detection improves your chances of survival. DetecTogether teaches you **HOW** to seize the power of early detection.

"The DetecTogether online training is one of the best and most in-depth learning on cancer available."

Frank Leeb

FDNY Deputy Assistant Chief
Chief of the Fire Academy
